Feeling under the weather....?

Please remember that if a student is ill, they must stay at home.

This is a requirement under current COVID restrictions and it is also good practice.

We do not want people infecting others and often people recover more quickly if they take the time to rest.

Principals' Report

We had the first meeting of our 'new' school council for the year on Monday.

Our parent members are Mandy Gesler (President), Stuart Coller (Vice President), Steve Prothero, Stuart Coward, Stuart Gilmore, Philip Campbell and Christina Irwin. Each of these people are good contacts for other parents to pass ideas on to and ask questions about the College.

Well done to Oli Hoornweg, Kalan Lyttle, James Gilmore and Mia Fitzpatrick . Their tennis team finished on top at the end of the regular season and they won the Section Four grand final last weekend.

Reports were emailed home on Wednesday. They can also be viewed on Sentral. These reports provide a good starting point for conversations at Student/Parent/Teacher Evening on Tuesday next week.

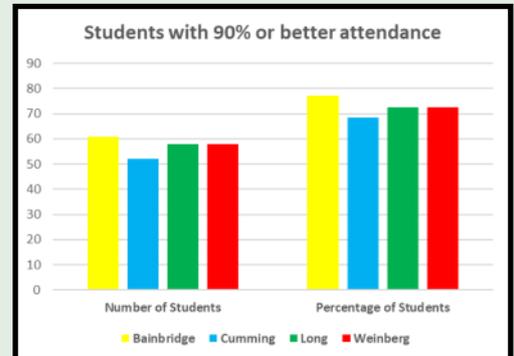

I have been appointed as the Rural Principal representative on the governance board of the Centre for Higher Educational Studies (CHES). This is a reflection of the high regard our school is held in within the state and the great work that we do here.

CHES is a new \$27.5 million state-of-the-art learning centre being built in South Yarra. It will include an auditorium, technology-rich learning spaces and tertiary-standard science and design labs. Building will begin shortly and will be open in 2023. CHES aims to improve educational outcomes for high-achieving secondary school students across Victoria by offering first year university-level courses and select VCE subjects accompanied by an enhancement and enrichment program.

Next Thursday is the last day of the term so school will finish at 2:30pm.

Details for Upcoming Parent/Teacher/Student Interview Evening

Our Semester One Interview evening, which is scheduled for **Tuesday March 30th**, is rapidly approaching. Despite the current lack of COVID restrictions, we have decided to replicate the **online interview** format of 2020. This is in response to overwhelmingly positive feedback from parents.

Details are as follows:

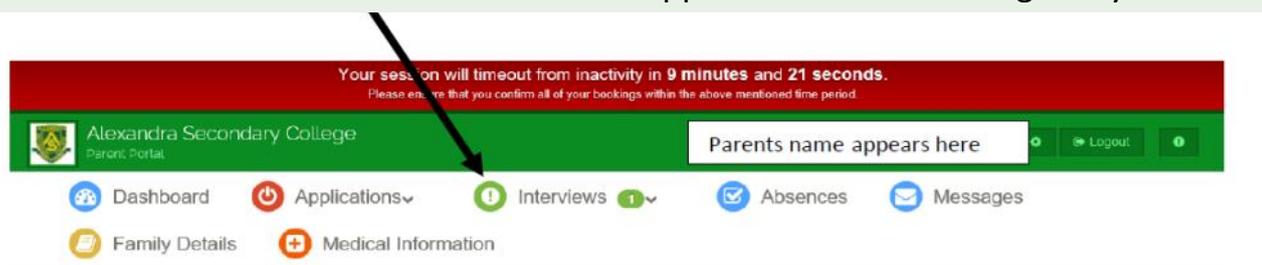

- The interview evening will run from **4:30-8:30pm**; however, some staff may allow interviews to be scheduled earlier from **4pm or later to 9pm** for your added convenience
- Interviews will run for 5 minutes
- Interviews can be booked via Sentral
- Interview bookings will go **'live' from Thursday March 18th at 5pm**
- Interviews will run via the **Teams app**. Year 7 students have now been introduced to this facility and students from all other year levels have been given a refresher

Instructions for booking interviews can be found below. Please note that:

- Sentral will not allow you to double book appointment times
- You will have the capability to cancel a booking and select a new booking time if the original time no longer suits you
- Options exist to print the screen showing all interview times, or alternatively to export to iCal
- Sentral will automatically email you a copy of your confirmed interview times
- If you have downloaded the Sentral app please note that interviews will only appear in Portal 1 and not in Portal 2. This is likely to apply to only a very small number of parents

Log in to Sentral

Click on the green 'Interviews' tab at the top of screen. This will only appear when interviews are live. Please note that instructions will appear on the screen to guide you.

All of your children's names and those of all of their teachers will appear on the one screen. Simply click on the drop-down box to secure a time.

We look forward to 'seeing' you on the night, Should you have any questions regarding any aspect of online interviews, please do not hesitate to contact us at the College.

OUR STUDENTS ARE TALKING ABOUT

Their highlight of Term 1

JOSS LOPEZ

A highlight of term one for me has been English with Miss Mullins, she is such a caring teacher who really wants the best for us.

STUART THOMPSON

One of my highlights was Round Robin; it was great to get out and have fun with friends and have a great game of cricket. Our cricket team won our matches also.

KLOE MORTON

Round Robin Volley Ball was definitely a highlight for me. It enabled me to make connections with other students that I may not have had an opportunity to.

DAISY SHEEHAN

My highlight was being able to represent school in both Southern Ranges and then Hume swimming. It is also great to do an activity that mixes up the school day.

JIMMY HIGGINS

The absolute highlight of term one for me was Year 7 camp. Preparing dinner was awesome, but left overs were the best.

Editors Note.....

We have yet to work our the year level of this new mystery, yet enthusiastic student.....

Did you know ... ?

Although number theory, the study of the natural numbers, does not typically feature significantly in school mathematics beyond primary school, it plays a leading role in university at first year and beyond. Having a good grasp of the fundamentals of number theory is useful across all disciplines of mathematics as well as great preparation for solving problems in life.

Moreover, problems in number theory are a great leisure past-time as many require only minimal knowledge of mathematical 'content'.

So learn those Times-Tables, watch Letters and Numbers (on SBS at 5:30pm) and challenge yourself!

Maybe try these ones:

The NUMBERS GAME as seen on SBS Letter and Numbers RULES:

Each of the six numbers can only be used once.

Only Addition, Subtraction, Multiplication and Division are allowed.

No fractions or decimal values.

No Calculators or computers allowed.

Time Limit – set yourself a fair and reasonable period (eg 90 seconds- 30 seconds on the TV show)
