

# YEAR 7 TEXTILES CURRICULUM 2017

Week	Class Activity & Learning Focus	Victorian Curriculum Substrand Levels 7-8
	Stitch Practise – stitch your name	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
1-2	Felt Pin Cushion or Monster Design	<b>Creating Designed Solutions:</b> Generate, develop and test design ideas, plans and processes using appropriate technical terms and technologies including graphical representation techniques (VCDSCD050).
	Felt Pin Cushion or Monster - sewing and construction	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
	Felt Pin Cushion or Monster – finished item evaluation	<b>Creating Designed Solutions (Evaluate):</b> Test criteria for success in evaluating processes. (VCDSCD052)
	How to use a sewing machine instructions	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of tools, equipment and techniques to produce designed solutions (VCDSCD051)
	Sewing Machine Competency Worksheets	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
3-4	iPad or phone cover – Design Process: draw designs in colour	<b>Creating Designed Solutions (Generate):</b> Generate, develop and test design ideas, plans and processes using appropriate technical terms including graphical representation techniques (VCDSCD050).
	iPad or phone cover – construction	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
	iPad or phone cover — Evaluation of finished item.	<b>Creating Designed Solutions (Evaluate):</b> Independently develop criteria for success to evaluate design ideas, processes and solutions. (VCDSCD052)
5	Design a woollen costume for your favourite musician assignment. Evaluate wool industry in Australia and the importance for our economy.	<b>Technologies Contexts (Technologies and Society):</b> Investigate the ways in which designed solutions evolve locally, nationally, regionally and globally through the creativity, innovation and enterprise of individuals and groups (VCDSTS044) <b>Creating Designed Solutions (Investigation):</b> Critique needs for designing. Analyse and select from a range of materials and processes to develop design ideas. (VCDSCD049) <b>Technologies Context:</b> Analyse how food and fibre are produced when creating managed environments and how these can become more sustainable (VCDSTC046)
6-7	Applique pencil case – Design Process – draw your design	<b>Creating Designed Solutions (Generate):</b> Generate, develop and test design ideas, plans and processes using appropriate technical terms including graphical representation techniques (VCDSCD050). <b>Materials and technologies specialisations:</b> Analyse ways to create designed solutions through selecting and combining characteristics and properties of materials, tools and equipment (VCDSTC048)
	Applique pencil case – Construction Learn how to insert a zip.	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
	Applique pencil case – Evaluation of finished item	<b>Creating Designed Solutions (Evaluate):</b> Independently develop criteria for success to evaluate design ideas and processes. (VCDSCD052)
	Pom pom garland - design an effective colourway for the garland	<b>Creating Designed Solutions (Generate):</b> Generate, develop and test design ideas, plans and processes using appropriate technical terms and technologies including graphical representation techniques (VCDSCD050).
8	Pom pom garland – construction	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions

		(VCDSCD051)
	Pom Pom garland – Final Evaluation of finished item	<b>Creating Designed Solutions (Evaluate):</b> Independently develop criteria for success to evaluate design ideas and processes. (VCDSCD052)
9-10	Denim Bag – Plan a design using recycled jeans and resources.	<b>Creating Designed Solutions (Evaluate)</b> Independently develop criteria for success to evaluate design ideas, solutions and their sustainability (VCDSCD052)
	Denim Bag - construction	<b>Creating Designed Solutions (Producing):</b> Effectively and safely use a broad range of materials, components, tools, equipment and techniques to produce designed solutions (VCDSCD051)
	Denim Bag – Finished Item evaluation	<b>Creating Designed Solutions (Evaluate):</b> Independently develop criteria for success to evaluate design ideas, processes and solutions and their sustainability (VCDSCD052)
