

Year Level: 9

Subject: Woodwork

Semester 2

Week	Unit	Learning Focus	Victorian Curriculum
1 - 3	Cabinetry Furniture Making	<ul style="list-style-type: none"><li>• outline folio requirements</li><li>• Identify project requirements</li><li>• Develop design brief</li><li>• Begin developing a glossary of terminology</li><li>• Begin initial design sketches</li><li>• Complete an orthogonal drawing</li><li>• Safety in the Workshop, Personal safety</li></ul>	<b><u>Technologies and Society</u></b> Critically analyse factors, including social, ethical and sustainability considerations, that impact on designed solutions for global preferred futures and the complex design and production processes involved (VCDSTS054)
4-6		<ul style="list-style-type: none"><li>• Complete Material list, Cutting list and Order list</li><li>• Costings and project timeline</li></ul>	<b><u>Technologies and Society</u></b> Explain how designed solutions evolve with consideration of preferred futures and the impact of emerging technologies on design decisions (VCDSTS055)
7-9		<ul style="list-style-type: none"><li>• Marking and cutting materials</li><li>• Testing and Prototype development</li><li>• Testing and evaluating the properties of variety of materials</li><li>• Identification and development of skills for using the power tools required of the design project</li><li>• Marking and cutting materials</li><li>• Dry-assembling of components</li></ul>	<b><u>Creating Designed Solutions</u></b> <b>Generating</b> Apply design thinking, creativity, innovation and enterprise skills to develop, modify and communicate design ideas of increasing sophistication (VCDSCD061)
10-15		<ul style="list-style-type: none"><li>• Dry fit joinery components, checking for accurate closed joints</li><li>• Glue and clamp</li><li>• Check for squareness and flush joints</li></ul>	<b><u>Creating Designed Solutions</u></b> <b>Planning and managing</b> Develop project plans to plan and manage projects individually and collaboratively taking into consideration time, cost, risk and production processes (VCDSCD064)

16-18		<ul style="list-style-type: none"> <li>• Sanding</li> <li>• Staining and painting</li> <li>• Completing embellishments</li> </ul>	<p><b><u>Creating Designed Solutions</u></b>  <b>Planning and managing</b>  Develop project plans to plan and manage projects individually and collaboratively taking into consideration time, cost, risk and production processes (VCDSCD064)</p>
19-20		<ul style="list-style-type: none"> <li>• Digital project evaluation incorporating assessment of the finer details, techniques and skills</li> </ul>	<p><b><u>Evaluating</u></b>  Evaluate design ideas, processes and solutions against comprehensive criteria for success recognising the need for sustainability. (VCDSCD063)</p>
