## Principals' Report

It has been such an uplifting week; beautiful weather and a school full of happy students and staff. To welcome our students back we gave them "home cooked" cupcakes from our wonderful café manager Tracy Parker, a traditional sausage (or two) in bread and a zoopa doopa.

Our teachers are prioritising the curriculum they deliver to their students this term in response to the year we have had. We are confident that with the work we have done during online learning and with our time together in Term 4 our students will transition well into next years classes.

The government is providing funds to us for 2021 to employ after school tutoring. They will also be funding extra staffing to provide catch-up to students individually or in small groups who need it during the school day next year. The finer details of these strategies will be released soon.

Our students are doing a great job wearing masks. The Government has tightened its direction around what constitutes an acceptable mask. We have included these guidelines in today's Inside Out and have posters up around the College.

A reminder that all visitors to the College are asked to wait behind the yellow chain outside the front office. If you need something it is best to email or phone ahead. If picking up your child you can ring the front office from your car and we will send them out to you. We appreciate your understanding of this inconvenience during these covid times.

HATS, HATS, HATS. At the beginning of November, we will be asking students to wear hats if they are in the sun or to sit in the shade. Our yard duty staff carry sun block for students. Each year we lose too many good people too soon to skin cancer, so let's be sun smart!

## Face masks

### What you can and cannot wear

Accessible

A fitted mask needs to be worn covering both your nose and mouth.

You can wear a face shield with a fitted face mask.

A fitted snood, Buff® or gaiter can be worn covering both your nose and mouth.

There are two types of face masks you can wear: cloth masks and surgical masks.

- Cloth masks are made of washable fabric and can be washed and re-used.
- Surgical masks are single-use masks and cannot be washed or re-used.

You cannot wear a bandana or scarf on its own.

You cannot wear a face shield on its own.

You cannot wear a loose snood, Buff® or gaiter on its own.

- A face mask is always recommended. The Chief Health Officer recommends a mask with three layers that fits securely around the face, specifically covering the nose and the mouth.
- However, a fitted snood, fitted buff or fitted gaiter is allowed.
- The emphasis is on fitted.
- In this instance fitted means the snood, buff or gaiter can extend in a fitted form to snugly fit over and cover your nose and mouth. It must be secure around your neck and lower face with no gaps along the nose ridge or the top of the garment. This is designed to protect you from coronavirus. It must be a sufficient face covering for this purpose.

A loose-fitting snood, buff or gaiter or scarf or bandana is not allowed.
